

HOW-TO UTILIZE KEATING BUILDING RESOURCES: FOR MEMBERS OF BIO5 INSTITUTE

Please feel free to contact our team anytime to learn more about the following member support services:

BUILDING ACCESS

The Thomas W. Keating Bioresearch Building houses several secure facilities and laboratories. Because of this, building access is protected.

Requirements

- 1.) You will need a Biometric CatCard
- 2.) Fill out application at: access.bio5.org
[Requirements for application](#)
 - NetID
 - Valid UA email address
 - Current work position

Contact

MEETING ROOMS

The Thomas W. Keating Bioresearch building offers a variety of meeting spaces to best suit your needs.

To reserve a room for your meeting:

resource-scheduler.pharmacy.arizona.edu/s/index

When reserving a room, click on room number for specifications. All first floor rooms (103, 107, and 109) require a KFS number and contract.

Room 103 is the only room equipped with in-room PC video conferencing capabilities.

ADDITIONAL SERVICES

LAB COAT CLEANING

Laundry only - \$3.25 per lab coat
Laundry plus finishing - \$5.25 per lab coat
Pocket Repair: \$8.00 per pocket
Button Replacement: \$2.00 per button

Delivery information

Laundry bags placed in the bin in the Receiving Room 130 at the loading dock will be picked up Monday afternoon and returned Thursday. Coats picked up on Thursday afternoons will be returned on Monday.

For laundry service:

1. New labs need to establish an account and ask that the new account be associated with BIO5 labs (**in order to receive the discounted pricing**) and request two laundry collection bags be delivered to the receiving room at the loading dock.

Contact

Shaffer Dry Cleaning & Laundry
520-327-4600 | shafferdryclean@qwestoffice.net

2. Label bags with lab name and lab contact information.
3. Fill out form at goo.gl/QmqYvm

Learn more about BIO5 laundry service at:

keating.bio5.org/laundry-service

HOW-TO UTILIZE PUBLIC AFFAIRS: FOR MEMBERS OF BIO5 INSTITUTE

Please feel free to contact our team anytime to learn more about the following member support services:

COMMUNICATIONS

We are the conduit for communication between the BIO5 Institute, affiliated UA departments/colleges/offices, the media, and the general public. Our role is to merge interviews with BIO5 scientists and background research into press releases, news articles, and web and/or social media content. We strive to deliver information related to BIO5's cutting-edge research to public outlets in a manner that can be commonly understood to enhance awareness and support.

Contact us to help publicize your projects, discoveries, and announcements through BIO5 and/or UA. Also available on request: interview coaching, development of talking points for media coverage, and facilitation of media interviews.

Find BIO5 stories and press releases:

bio5.org/news-and-media

Contact

Lisa Romero

Senior Director, Public Affairs and Engagement

520.626.9598 | lisaromero@bio5.org

PHOTOGRAPHY

We aim to capture our state-of-the-art 177,000 square foot space, 280+ researchers, outreach activities, events, and student involvement on camera as often as possible. From lab photos, to headshots of our researchers, to snapshots of BIO5-related program/events/conferences/tours, photos help bring our work to life.

This service is available upon request to BIO5 Members.

Contact

Deanna Sanchez

Creative Specialist

520.626.2059 | deannarsanchez@bio5.org

SOCIAL MEDIA

Social media plays a significant role in our marketing/communications strategy to build brand awareness and tell the BIO5 'story'. The institutional story is largely made up of your individual and collaborative research projects and achievements, as well as highlighting our mission to inspire the next generation of scientists and positively impact our state.

Social media consultations available upon request to BIO5 Members.

Engage with BIO5 on social media:

Twitter: [@BIO5 | Twitter](https://twitter.com/BIO5_Institute)

Facebook: [BIO5 Institute - Facebook](https://www.facebook.com/BIO5_Institute)

LinkedIn: [The BIO5 Institute | LinkedIn](https://www.linkedin.com/company/the-bio5-institute)

Contact

Lisa Romero

Senior Director, Public Affairs and Engagement

520.626.9598 | lisaromero@bio5.org

MARKETING/EVENTS

We work to elevate BIO5's brand recognition through traditional marketing methods (web, print, social media), in outreach-related activities, and in hosted events, conferences, and seminars. Additionally, we coordinate 50+ BIO5 tours per year for guests ranging from student groups to local, state, and international VIPs. We also work with the BIO5 Ambassadors to engage UA students interested in the biosciences, biomedicine, and biotechnology in promoting and supporting BIO5.

BIO5 member participation in all BIO5 events/activities is highly encouraged and documented to fulfill grant/TRIF requirements (including tours, speaking engagements, and outreach involvement).

Please feel free to contact our team anytime to learn more about the following member support services:

CLOUD

We provide cloud storage space used for public and internal information, as well as confidential (e.g., FERPA) information with the proper permission. However it should not be used for regulated (e.g., credit card, HIPAA, ITAR) information. The Classification Levels section in the [IS-2321 Data Classification Standard \(https://security.arizona.edu/data-classification-and-handling-standard\)](https://security.arizona.edu/data-classification-and-handling-standard) gives more complete descriptions of data classification.

Types of storage

- Apps for Education Google Domain
- Unlimited storage service accounts
@BIO5.ORG / @bio5.arizona.edu
- Departmental BOX.arizona.edu unlimited storage

NETWORKING

We provide a secure BIO5 network space that excludes regular campus network traffic for extra security.

DESKTOP/DEVICE SUPPORT

Service requests will be responded to in a timely manner by our knowledgeable staff. IT team stays current with technology, providing the means to help our researchers with hardware, software, electronic infrastructure needs.

Submit a ticket for service:

keating.bio5.org/ticket_support/

Types of services

- Data stored on the servers is backed up frequently for protection
- Provide recommendations for hardware and software purchases
